Plymstock Works
Plymouth Devon PL9 7JA
Telephone Plymouth 42121
Telex 45541

7 December 1984

Our Ref CGJ/MT/ES

Dear Sirs

Further to telephone conversation between Mr J Hodson and our Works Engineer Mr M Trower, we are pleased to confirm that we used the Cardox materials breaking techniques at our Plymstock Works.

The particular use to which we put the product is that of cleaning build-up from a cement silo. By using your Cardox skills we greatly accelerated this cleaning process.

Yours faithfully
BLUE CIRCLE CEMENT

C G Johnston
Works General Manager

Blue Circle Cement is a business name of and an operating group within Blue Circle Industries PLC which is registered at the Companies Registry in London No. 68558. Registered office: Portland House, Stag Place, London SW1E 5BJ
