Our Ref: PV/DJW

Mr. D. Clutton,  
Long-Airdox Cardox Ltd,  
Old Road,  
Mottram,  
Cheshire.

1st December 1987

Dear Sir,

In reply to your request for a reference.

We have used Cardox B37 Tubes for a number of years. We use them for dislodging build-ups in lime, oxide and clay hoppers. Occasionally, they are used to dislodge build-ups in our inlet area to cement kilns under hot conditions. Our Operators service and refill the Tubes with no problems.

Yours faithfully,  
for THE RUGBY GROUP PLC

J.W. Nichols,  
General Works Manager.
