ATTENTION : NORMAN GREY

Dear Sir,

RE : USE OF CARDOX CO2 SHELLS FOR CLEARING SILOS

This letter serves to confirm that we have successfully used the Cardox Carbon Dioxide Shells for clearing Silos that were bridged with Sunflower Oil cake, in addition we have used the shells with great success at another company to clear maize germ. I would recommend this equipment to anybody with a similar problem.

Yours faithfully,

G.V. RAYNAL
ENGINEERING MANAGER
